*C.A.R.E.T.S., California Real Estate Technology Services( <http://www.ca-rets.com> ), will be covered by Russ Bergeron , General Manager of SoCalMLS. In 2006 C.A.R.E.T.S., began the development of an enhanced way of sharing data that would better serve the real time needs of Southern California brokers and agents. A common data base was created to allow everyone to access 100% of the available data through the user interface of their local MLS. Be sure to join us for more in depth information and how C.A.R.E.T.S., will affect you and your agents in the coming months.*

*You will also be provided the latest "Shortsale Success Tips" by Russell Roberts of Shortsale Partners (www.shortsalepartners.net). Shortsale Partners was created to assist REALTORS® in the lengthy, complicated and often frustrating process of negotiating short sales. Shortsale Partners handles every step of the negotiation process ,producing professional, quality packages to submit to lenders.*

*RSAOR Brokers/Managers only, please join us on Wednesday, October 22nd.*
